Science Elective (Biological or Physical)	4
Program Requirement Courses	5

This is a suggested sequence timeline only. A student may require more than four semesters to complete this Associate in Science degree.

This suggested curriculum includes degree requirements and courses that are usually completed in the first two years of a four-year curriculum. Students should consult the university or college of choice and its catalog curriculum as they make plans on where to transfer. Care should be taken to select the courses that will meet all requirements for both the Associate and Baccalaureate degree programs.

NOC evaluates students for placement into either foundational or college-level courses, whichever will lead to the greatest possibility of student success. Academic placement is determined either by ACT test scores or by COMPASS test scores. These tests are administered in the Testing Center at NOC. Based upon the scores, some or all of the following six (6) courses may need to be taken:

- MATH 0003 Pre-Algebra
- MATH 0023 Concepts of Algebra
- MATH 0123 Intermediate Algebra
- ENGL 0123 Basic Composition
- READ 0123 Basic Reading
- BSCI 0123 Intro to Basic Science

- MATH 0123 Intermediate Algebra
- ENGL 0123 Basic Composition
- READ 0123 Basic Reading
- BSCI 0123 Intro to Basic Science

This Associate in Science degree program in Agricultural Sciences consists of 62 hours designed to provide the student with the first two years of general requirements.

The program is designed for seamless transfer to the Bachelor in Science degree in Agriculture Business or Agriculture Ecology at Northwestern Oklahoma State University and includes courses generally completed in the first two years of a baccalaureate degree program.

Students should consult the catalog of the college or university to which they plan to transfer and carefully select courses which will meet requirements for both Associate's and Bachelor's degree programs.

The agricultural sciences program prepares students interested in pre-veterinary medicine, animal production, plant production, agribusiness, food science, and education in any of these areas for transfer to four-year institutions. The foundations of scientific- and business-based agricultural practices are explored. People interested in careers in agriculture need to have experience in science, business, and communications.

Career Opportunities

- Ag Economics
- Agribusiness
- Animal Production
- Pre-Veterinary Medicine

Business Administration

This is a suggested sequence timeline only. A student may require more than four semesters to complete this Associate in Science degree.

The Associate in Science degree in Business Administration consists of 62 credit hours designed to provide the student with the first two years of general requirements for transfer to a four-year institution. The suggested curriculum is outlined to the left. Alternate courses and electives should be selected carefully only after the student and the major faculty graduation adviser have consulted the catalog of the selected transfer college.

The Business Division is accredited by the Association of Collegiate Business Schools and Programs (ACBSP). Outstanding Business students are invited to join Kappa Beta Delta, the business honor society recognized by ACBSP.

Career Opportunities

- Accounting
- Business Administrator
- Finance
- Management

Specifically, the Athletic Trainer specializes in five practice areas:</p> <p>Prevention of athletic injuries; Recognition, evaluation and immediate care of athletic injuries; Rehabilitation and reconditioning of athletic injuries; Health care administration; Education and counseling.</p> <p>Students who desire to become candidates in Athletic Training are required to make a formal application to the Athletic Training department for admission to the program. This application must be submitted on or before April 15th and formal approval is required. GPA and ACT composite scores are weighed heavily as acceptance is highly competitive.</p> <p>Career Opportunities</p> <p>Athletic Trainer</p> <p>Physical Therapist</p> <p>Strength & Conditioning</p>

This is a suggested sequence timeline only. A student may require more than four semesters to complete this Associate in Science degree.

The degree of Arts and Science – Astronomy Option is designed primarily for students who do not intend to major in science but would like to develop a background in astronomy during their undergraduate experience. The suggested curriculum in Astronomy includes degree requirements and courses that are usually completed in the first two years of a four-year curriculum.

NOC evaluates students for placement into either foundational or college-level courses, whichever will lead to the greatest possibility of student success. Academic placement is determined either by ACT test scores or by COMPASS test scores. These tests are administered in the Testing Center at NOC. Students need to consult with the engineering school of interest for Chemistry and Biology requirements.

This is a suggested sequence timeline only. A student may require more than four semesters to complete this Associate in Science degree.

The Associate in Science degree in Pre-Engineering is designed to transfer into all disciplines of engineering. It is important to secure a catalog from the engineering school for transfer so you may select the courses to meet the requirements needed to obtain the Bachelor's degree you choose.

The program features small class size and individual attention for this challenging degree.

Career Opportunities

Architect/Designer
Chemical Engineer
Civil Engineer
Electrical Engineer
Mechanical Engineer
Metallurgical Engineer
Petroleum Engineer

GENERAL EDUCATION ELECTIVES.....	4
Select courses from: Language Arts, Natural Sciences, Foreign Languages, Fine Arts, Humanities, Mathematics, Behavioral or Social Sciences	
PROGRAM REQUIREMENTS.....	16
BISI 1414 General Zoology	4
CHEM 1414 General Chemistry II.....	4
PHYS 1114 General Physics I	4
PHYS 1214 General Physics II	4
Substitutions may be made with prior approval.	
RECOMMENDED PROGRAM ELECTIVES ...	7
BISI 1214 Environmental Science	4
BISI 2124 Microbiology	4
BISI 2024 Entomology	4
BISI 2324 Comp Vertebrate Anatomy	4
BISI 2403 Intro to Wildlife Conservation	3
MATH 1613 Plane Trigonometry	3
MATH 2023 Elementary Statistics	3
TOTAL CREDIT HOURS.....	60
PHYS EDUCATION ACTIVITY COURSES	2
TOTAL CREDIT HOURS.....	62

SUGGESTED COURSE SEQUENCE

	Credit Hours
FIRST SEMESTER	16
ENGL 1113 English Composition I	3
CS 1113 Computer Concepts	3
LEAD 1101 Freshman Orientation	1
HPEA Activity Electives	2
CHEM 1314 General Chemistry I	4
MATH 1513 College Algebra	3
SECOND SEMESTER	14
ENGL 1213 English Composition II	3
HIST 1483 American History to 1865 (or)	
HIST 1493 American History Since 1865	3
BISI 1314 General Botany	4
CHEM 1414 General Chemistry II	4
THIRD SEMESTER	17
POLI 1113 American Government	3
Humanities Elective	3
BISI 1414 General Zoology	4
PHYS 1114 General Physics I	4
General Education Electives	3
FOURTH SEMESTER.....	15
General Education Electives	1
Humanities Elective	3
PHYS 1214 General Physics II	4
Recommended Program Electives	7

This is a suggested sequence timeline only. A student may require more than four semesters to complete this Associate in Science degree.

The Associate in Science degree program in Biology/Zoology prepares students to transfer to a four-year university to pursue a Bachelor's degree or entry into the field of life science.

Students transferring should consult the catalog from the institution to which they are planning to transfer to carefully select courses that will meet requirements to complete their Bachelor's degree.

Career Opportunities

- Animal/Plant Production
- Dental Assistant
- Farming
- Horticulture
- Laboratory Assistant
- Sales
- Veterinarian Assistant
- Wildlife Production

NOC evaluates students for placement into either foundational or college-level courses, whichever will lead to the greatest possibility of student success. Academic placement is determined either by ACT test scores or by COMPASS test scores. These tests are administered in the Testing Center at NOC. Based upon the scores, some or all of the following six (6) courses may need to be taken:

- MATH 0003 Pre-Algebra
- MATH 0023 Concepts of Algebra
- MATH 0123 Intermediate Algebra
- ENGL 0123 Basic Composition
- READ 0123 Basic Reading
- BSCI 0123 Intro to Basic Science

Science - Chemistry/Physics

PROGRAM REQUIREMENTS

	Credit Hours
GENERAL EDUCATION	37
ENGLISH COMPOSITION	
ENGL 1113 English Composition I.....	3
ENGL 1213 English Composition II	3
HISTORY AND GOVERNMENT	
HIST 1483 American History to 1865 (or)	
HIST 1493 Am. History Since 1865	3
POLI 1113 American Government	3
HUMANITIES	
Electives.....	6
*One 3-hour course to be chosen from those listed with International Dimension and 3 hours of humanities electives.	
MATHEMATICS	
MATH 1493 Math Applications (or)	
MATH 1513 College Algebra	3
SCIENCE	
One Biological Science with Lab	4
One Physical Science with Lab	4
COMPUTER SCIENCE	
CS 1113 Computer Concepts	3
ORIENTATION	
LEAD 1101 Freshman Orientation	1
